# EMINENT AUTHORS

| Sr. # | Author's Name                        | University / College                                    |
|-------|--------------------------------------|---|
| 1.    | <b>Prof. Dr. Rana Anwar Manzoor</b>  | Bahauddin Zakariya University, Multan                   |
| 2.    | <b>Asim Javed Siddique</b>           | Bahauddin Zakariya University, Multan                   |
| 3.    | <b>Dr. Abdul Shakoor</b>             | Bahauddin Zakariya University, Multan                   |
| 4.    | <b>Dr. Muhammad Nauman Usmani</b>    | Bahauddin Zakariya University, Multan                   |
| 5.    | <b>Dr. Muhammad Rana Arif Khalil</b> | Bahauddin Zakariya University, Multan                   |
| 6.    | <b>Dr. Muhammad Amjad Farooq</b>     | Govt. Graduate College, Muzaffargarh                    |
| 7.    | <b>Dr. Muhammad Ehsan Mazhar</b>     | Bahauddin Zakariya University, Multan                   |
| 8.    | <b>Dr. Malika Rani</b>               | Women University, Multan                                |
| 9.    | <b>Dr. Muhammad Tufiq Jamil</b>      | Govt. Graduate College, Muzaffargarh                    |
| 10.   | <b>Dr. Syed Hamad Bukhari</b>        | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 11.   | <b>Dr. Ejaz Khaira</b>               | Islamia University of Bahawalpur, Bahawalnagar Campus   |
| 12.   | <b>Dr. Ammara Riaz</b>               | Bahauddin Zakariya University, Multan                   |
| 13.   | <b>Dr. Qaiser Maqsood</b>            | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 14.   | <b>Jamshaid Alam Khan</b>            | Govt. Graduate College, Khanewal                        |
| 15.   | <b>Hafiz Umer Farooq</b>             | Govt. Graduate College of Science, Multan               |
| 16.   | <b>Hammad Abbas</b>                  | Emerson University, Multan                              |
| 17.   | <b>Zohaib Akram Khan</b>             | Govt. Graduate College, Khanawal                        |
| 18.   | <b>Muhammad Rashid</b>               | Govt. Graduate College, Burewala                        |
| 19.   | <b>Shafiq Ahmad</b>                  | Govt. Degree College, Thana Malakand, KPK               |
| 20.   | <b>Ahsan Javeed</b>                  | Govt. Associate College Kalyan                          |
| 21.   | <b>Saima Kazmi</b>                   | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 22.   | <b>Mahwish Mukhtar</b>               | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 23.   | <b>Ameed-ul-Hassan Alvi</b>          | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 24.   | <b>Amna Ejaz</b>                     | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 25.   | <b>Fehmeeda Shaheen</b>              | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 26.   | <b>Asif Nawaz</b>                    | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 27.   | <b>Qudsia Shamas</b>                 | Govt. College University Faisalabad, Sub-Campus, Layyah |
| 28.   | <b>M. Nadeem Ishaq</b>               | University of Education, Sub-Campus, Multan             |

## LIST OF BOOKS

| Sr. # | Book Name  | Edition | Price |
|-------|--|---------|-------|
| 1.    | Mechanics-I  | 3rd     | 400   |
| 2.    | Waves & Oscillations                                 | 2nd     | 250   |
| 3.    | Heat & Thermodynamics                                | 3rd     | 250   |
| 4.    | Electricity & Magnetism                              | 2nd     | 300   |
| 5.    | Modern Physics and Electronics                       | 3rd     | 300   |
| 6.    | Atomic & Molecular Physics                           | 1st     | 300   |
| 7.    | Quantum Mechanics-I                                  | 5th     | 260   |
| 8.    | Quantum Mechanics-II                                 | 4th     | 260   |
| 9.    | Nuclear Physics                                      | 4th     | 400   |
| 10.   | Thermal and Statistical Physics                      | 3rd     | 350   |
| 11.   | Classical Mechanics                                  | 6th     | 350   |
| 12.   | Computational Physics                                | 1st     | 400   |
| 13.   | Methods of Mathematical Physics-I                    | 2nd     | 300   |
| 14.   | Methods of Mathematical Physics-II                   | 1st     | 280   |
| 15.   | Solid State Physics-I                                | 2nd     | 300   |
| 16.   | Solid State Physics-II                               | 1st     | 300   |
| 17.   | Electromagnetic Theory-I                             | 2nd     | 300   |
| 18.   | Electromagnetic Theory-II                            | 1st     | 350   |
| 19.   | Digital Electronics                                  | 2nd     | 400   |
| 20.   | Optics   | 1st     | 330   |
| 21.   | LASER  | 1st     | 340   |
| 22.   | Plasma Physics                                       | 2nd     | 250   |
| 23.   | Applied Physics                                      | 1st     | 250   |
| 24.   | Science of Global Challenges                         | 1st     | 240   |
| 25.   | Laboratory Manual-I: Mechanics                       | 2nd     | 200   |
| 26.   | Laboratory Manual-II: Waves and Oscillations         | 1st     | 300   |
| 27.   | Laboratory Manual-III: Electricity & Magnetism       | 2nd     | 200   |
| 28.   | Laboratory Manual-IV: Modern Physics                 | 1st     | 300   |
| 29.   | Laboratory Manual-V: Spectroscopy and Modern Physics | 1st     | 250   |

|          |   |           |
|----------|---|-----------|
| <b>1</b> | <b>Vector Analysis.....</b>                     | <b>01</b> |
| 1.1      | Introduction to Mechanics .....                 | 01        |
| 1.1.1    | Units and Dimensions.....                       | 02        |
| 1.1.2    | System International Units (SI units)....       | 03        |
| 1.1.3    | Scientific Notation.....                        | 03        |
| 1.1.4    | Changing Units.....                             | 03        |
| 1.2      | Scalar and Vector .....                         | 04        |
| 1.3      | Vector and Scalar Triple Products .....         | 12        |
| 1.4      | Spherical & Cylindrical Polar Coordinate .....  | 15        |
| 1.5      | Circular Motion.....                            | 16        |
| 1.6      | Line Integral, Volume Integral and Surface... . | 17        |
| 1.7      | $\nabla$ Operator.....                          | 19        |
| 1.8      | Gauss's Divergence Theorem .....                | 25        |
| 1.9      | Stoke's Theorem or Curl Theorem.....            | 27        |
| 1.10     | Vector Identities.....                          | 28        |
| 1.11     | Review Questions and Problems .....             | 31        |
| <b>2</b> | <b>Particle Dynamics .....</b>                  | <b>32</b> |
| 2.1      | Review of Motion.....                           | 32        |
| 2.2      | Types of Forces.....                            | 33        |
| 2.3      | Frictional Forces .....                         | 34        |
| 2.4      | The Dynamics of Uniform Circular Motion... .    | 36        |
| 2.5      | The Conical Pendulum.....                       | 37        |
| 2.6      | The Rotor .....                                 | 40        |
| 2.7      | The Banked Curve.....                           | 41        |
| 2.8      | Equations of Motion Under Constant Force .      | 42        |
| 2.9      | Time Dependent Forces (Analytical) .....        | 45        |
| 2.10     | Effect of Drag Forces on Motion or.....         | 46        |
| 2.11     | Projectile Motion.....                          | 49        |
| 2.12     | Non-Inertial Frames and Pseudo Forces.....      | 54        |
| 2.13     | Review Questions and Problems.....              | 56        |
| <b>3</b> | <b>Work, Power and Energy .....</b>             | <b>57</b> |
| 3.1      | Introduction .....                              | 57        |
| 3.2      | Work Done by the Constant Force.....            | 57        |
| 3.3      | Work Done by a Variable a Force.....            | 59        |

|          |   |            |
|----------|---|------------|
| <b>1</b> | <b>3.4 Work-Energy Theorem.....</b>         | <b>65</b>  |
| 3.5      | Power.....                                  | 67         |
| 3.6      | Conservation of Energy.....                 | 68         |
| 3.7      | The Force of Gravity.....                   | 71         |
| 3.8      | Potential Energy.....                       | 71         |
| 3.9      | The Gravitational Force.....                | 75         |
| 3.10     | Conservation of Energy in System of.....    | 77         |
| 3.11     | Review Questions and Problems.....          | 78         |
| <b>4</b> | <b>Systems of Particles.....</b>            | <b>79</b>  |
| 4.1      | Introduction.....                           | 79         |
| 4.2      | Particle Systems.....                       | 79         |
| 4.3      | Center of Mass of Solid Objects.....        | 83         |
| 4.4      | Momentum Changes in a.....                  | 87         |
| 4.5      | Application to Motion of Rocket.....        | 89         |
| 4.6      | Review Questions and Problems.....          | 91         |
| <b>5</b> | <b>Collisions.....</b>                      | <b>93</b>  |
| 5.1      | Impulse and Momentum.....                   | 93         |
| 5.2      | Introduction to Collision.....              | 94         |
| 5.3      | Elastic Collision in One Dimension.....     | 96         |
| 5.4      | Two Dimensional Elastic Collision.....      | 100        |
| 5.5      | Two Dimensional Elastic Collision.....      | 102        |
| 5.6      | Inelastic Collision .....                   | 104        |
| 5.7      | Two Dimensional Inelastic Collision.....    | 105        |
| 5.8      | Collisions in Center of Mass Reference..... | 106        |
| 5.9      | Review Questions and Problems.....          | 109        |
| <b>6</b> | <b>Gravitation .....</b>                    | <b>111</b> |
| 6.1      | Introduction .....                          | 111        |
| 6.2      | Universal Gravitation Law.....              | 111        |
| 6.2.1    | Henry Cavendish Experiment for .....        | 113        |
| 6.3      | Gravitational Effect of a Spherical .....   | 114        |
| 6.4      | Gravitational Potential Energy.....         | 117        |
| 6.5      | Calculation of Escape Velocity.....         | 120        |
| 6.6      | Gravitational Field & Gravitational.....    | 122        |
| 6.7      | Radial and Transversal Components.....      | 123        |
| 6.8      | The Motion of Planets and Kepler's Laws     | 125        |
| 6.9      | Motion of Satellites.....                   | 128        |
| 6.10     | Energy Consideration in Planetary.....      | 129        |
| 6.11     | Universal Law to the Galaxy.....            | 130        |
| 6.12     | Review Questions and Problems .....         | 132        |
| <b>7</b> | <b>Rotational Dynamics .....</b>            | <b>133</b> |
| 7.1      | Relationship Between Linear and .....       | 133        |
| 7.2      | Kinetic Energy of a Rigid Body.....         | 136        |
| 7.3      | Parallel Axis Theorem .....                 | 137        |
| 7.4      | Perpendicular Axis Theorem.....             | 139        |
| 7.5      | Illustrations of Parallel Axes and .....    | 140        |
| 7.6      | Rotational Dynamics of Rigid Bodies.....    | 144        |
| 7.7      | Combined Rotational and Translational       | 146        |
| 7.8      | Rolling without Slipping .....              | 148        |
| 7.9      | Review Questions and Problems .....         | 150        |
| <b>8</b> | <b>Angular Momentum.....</b>                | <b>151</b> |
| 8.1      | Introduction.....                           | 151        |
| 8.2      | Relation between Torque and Angular..       | 153        |

|   |   |
|---|---|
| <b>8.3</b> Law of Conservation of Angular.....155<br><b>8.4</b> Stability of Spinning Objects.....156<br><b>8.5</b> The Spinning Top or Precessional.....157<br><b>8.6</b> Review Questions and Problems.....160<br><br><b>9</b> <b>Bulk Properties of Matters.....161</b><br><b>9.1</b> Introduction.....161<br><b>9.2</b> Elastic Properties of Matter.....162<br><b>9.3</b> Tension, Compression and Shearing.....164<br><b>9.4</b> Elastic Modulus.....165<br><b>9.5</b> Poisson's Ratio.....166<br><b>9.6</b> Relation between Y, K and $\eta$ .....166<br><b>9.7</b> Fluid Statics.....169<br><b>9.8</b> Surface Tension .....173<br><b>9.9</b> Role of Surface Tension in Formation of 174<br><b>9.10</b> Viscosity.....175<br><b>9.11</b> Fluid Flow through a Cylindrical Pipe ....177<br><b>9.12</b> Review Questions and Problems .....180 | <b>2</b> <b>10 Special Theory of Relativity.....181</b><br><b>10.1</b> Introduction.....181<br><b>10.2</b> Postulates of Special Theory of Relativity183<br><b>10.3</b> The Lorentz Transformation.....184<br><b>10.4</b> Consequence of Lorentz Transformation 188<br><b>10.5</b> Doppler Effect .....191<br><b>10.6</b> Twin Paradox .....192<br><b>10.7</b> Transformation of Velocity.....193<br><b>10.8</b> Variation of Mass with Velocity.....194<br><b>10.9</b> Mass Energy Relation or Relativistic.....196<br><b>10.10</b> Relativistic Momentum .....198<br><b>10.11</b> Lorentz Invariant Relativistic Energy.....200<br><b>10.12</b> Review Questions and Problems.....201 |
